Conference Programme

Morning Session 08:00-12:15

The Moderator:
Prof. Yansong He

08:00 Audience Reception
08:40 Welcome Remarks Adsale Group, Adsale Publishing Ltd. General Manager, Janet Tong
Society of Automotive Engineers of Chongqing, Vice President, Jianping Lou

08:50 Yanfeng Plastic Omnium Automotive Exterior Systems Co., Ltd. - Wei Wang, Head of Smart Manufacturing
The development of unmanned manufacturing for automotive exterior design
09:20 HuaChen Automotive Engineering Research Institute - Zhi li, Chief Engineer of Automotive Engineering Research Institute &Leader of Non-metal Material
The applications and development roadmap of non-metal materials for light weighting of Brilliance Auto Group.
09:50 Jinyoung (Xiamen) Advanced Materials Technology Co., Ltd. - Steven Gao, Director of Vehicle Material, Jinyoung Advanced Materials
Leading Solutions on New Energy Vehicle Application
10:10 Ningbo Shuangma Machinery Industry Co., Ltd. - Yupeng Liu, CTO
Research and application of fiber reinforced thermoplastic composites molding technology
10:30 Coffee Break / Networking / Exhibition Visiting
11:00 Changan Ford Automobile Co., Ltd. - Qian Jiang, Director of Product Development
The applications and challenges of new materials processing technologies for lightweight vehicles
11:30 Shanghai Matsui Machinery Co., Ltd. - Jialiang Li, Sales Manager of Solution Department
Proposal on centralized feeding of green molding factory
11:50 Guangdong Yizumi Precision Injection Molding& Casting Technology Co., Ltd. - Peter Peng, Director of Two-platen Injection Molding Machine Market Development Department
FoamPro+DecoPro
12:10 Group Photo
12:15 Networking Lunch

Afternoon Parallel Modules 13:30-18:00

Parallel Sub-Forum: Innovation Design & Lightweighting of New Energy Vehicles
The Moderator, Changchun Du,
Vice Chairman of Society of Automotive Engineers of Chongqing, Chairman of Chongqing Duke Industrial Co., Ltd.
13:30 YANG DESIGN - Xiaojing Huang, Renowned Design Strategist and Trend Expert, Strategy Director.
Designed for future mobility
14:00 Exxonmobil - Sky Xue, Customer Development Engineer, Specialty Polymers
Innovation with santoprene™ TPV
14:20 Changan Oushang Vehicle Product and Development Center - Dr. Bo Liu, New Energy Vehicle Technology Business Unit Material & Lightweight Manager
The applications and development of non-metal lightweighting technology for new energy vehicles in Changan Oushang
14:50 The Dow Chemical Company - Andong Liu, Ph.D , Elastomer TS&D
New solutions for automotive lightweighting—Dow ENGAGE™ 11000 Series POE
15:10 IALTA-Sino-EU New Energy Vehicle Industry Federation / International GREEN Auto Lightweight Technology - Davy Chen, Executive President,
The application trend of new energy vehicle lightweight
15:40 ZwCAD Software Co., Ltd. - Sanxi Zeng, Chongqing Branch Operation Director
Zhongwang software, with CAD Technology to help automotive enterprise innovation and development
16:00 Coffee Break / Networking / Exhibition Visiting
16:30 Key Laboratory of Advanced Manufacturing Technology for Automobile Parts, Ministry of Education / Chongqing University of Technology, College of Materials Science and Engineering - Dr. Xuanlun Wang, Dean of Polymer Materials and Engineering
Applications of continuous fiber reinforced thermoplastic composites in automobiles
17:00 Kiefel GmbH - Simon Song, Sales Manager-Automotive Industry
The way how to laminate the future
17:20 Shenzhen Multiplus Machinery Co., Ltd. – Tianheng Li, Vice General Manager
Turn-key solution of rapid & low-volume manufacturing (3D printing +rapid tooling + micro injection molding)
Accelerate auto parts development and customization

Parallel Sub-Forum: Lightweighting & Smart Manufacturing
The Moderator, Youhong Zhang
Deputy Secretary General of Automotive Engineers of Chongqing, Minister of Planning Department of Dongfeng Xiaokang Motor Co., Ltd.
13:30 Yanfeng Automotive Trim Systems Guangzhou Co., Ltd. - Zhongliang Wu, General Manager
The study on the automation of automotive interior manufacturers
14:00 Demag Plastics Machinery (Ningbo) Co., Ltd. - Jack Liu, Automation and Application Engineering Director
Innovative injection molding technologies makes lightweight possible
14:20 Universal Robots (Shanghai) Co., Ltd. - Victor Bao, Technical Support Manager
Collaborative Robots change the mode of production in automotive industry
14:40 Gimatic Automation Engineering (Changshu) Co., Ltd. - Felix Wang, General Manager China
Gimatic EOAT application in automation of automotive interior and exterior industry
15:00 Shanghai Fanuc Robotics Co., Ltd. - Jianyue Xie, Account manager, Roboshot Sales Division, General Industry Sales Department
Carbon fiber lightweight solution by fanuc roboshot
15:20 Coffee Break / Networking / Exhibition Visiting

15:50 Nordson PPS (Shanghai) Co., Ltd. - Ryan Song, Senior Sales Manager for Core Component
Nordson components solution in modern automotive industry – PVB film, battery separate film, screw & barrel for injection molding parts
16:10 China Automotive Engineering Research Institute Co., Ltd. - Xiang Gao, Development Project Manager of Automotive Lightweight Engineering Technology Research Center
Replacing steel with lightweight plastics in automobile front-end modules
16:40 Fu Chun Shin Machinery Manufacture Co., Ltd. - Benjamin Lee, Vice General Manager
Solutions of automotive parts lightweighting and smart injection molding
17:10 Dongfeng Faurecia Automotive Exterior Co., Ltd. - Haiming Sun, Composite Product Expert
An analysis on the trends of lightweight components from the perspective of FAURECIA manufacturing products made of composite materials

Parallel Sub-Forum: Innovative Interiors & Exteriors and Lightweighting
The Moderator, Yunwu Li, Deputy Secretary General of Automotive Engineers of Chongqing, Department Head of Vehicle Engineering Department of Southwest University
13:30 R&D Center of Great Wall Motor Company - Wenbing Cui, Chief of Material & Technology Department, Non- Metallic Material Dept.
Application of plastic materials on automotive fenders
14:00 JSW Plastics Machinery (H.K) Co., Ltd. - Chungen Tan, Senior Sales Technical Engineer
Pioneer in automobile plastic appliance - JSW smart plastic injection machine
14:20 BAIC Motor Corporation Ltd. R&D Center - Yanling Song, Nonmetallic Material Technology Manager, Interior Decoration Department.
The applications of automotive non-metallic lightweight material technologies and relevant case studies
14:50 Stratasys Shanghai Ltd. - Anthony Tian, Direct Sales Director of Stratasys Greater China
Foreseeing the future - additive manufacturing strategy deployment
15:10 Coffee Break / Networking / Exhibition Visiting
15:40 Wan Mei New Energy Automotive Technology Co., Ltd. - Guotao Che, Director of Interior & Exterior
The new appeal for the automotive plastic parts enterprises with the rising of medium and high-end new energy vehicles
16:10 RADICI Plastics (Suzhou) Co., Ltd. - David QI, Strategy Marketing & BD Manager
The excellence of engineering plastics extension business horizon
16:30 China FAW Group Co., Ltd. - Hongfu Tian, Senior Manager & Vice President of Jilin Association of Automobile Manufacturers
Applications and developments of non-metallic materials for new energy vehicles
17:00 Hangzhou Keqiang Information Technology Co., Ltd. - Peter Xu, General Manager
Intelligent manufacturing: big data era adapt into injection molding field

Testimonials (Partial)

I had a productive day! Get connection with Society of Automotive Engineers of Chongqing, technical researches and presentations are informative as well. It's wonderful that I have met with new friends here.

Gimatic Automation Engineering (Changshu) Co., Ltd.

Speakers and audiences matched with our target sector. CPRJ team also helped to recommend some potential clients. We have got a lot from this conference.

Guangdong Yizumi Precision Machinery co., Ltd.

The Conference unfolded the latest development trends of new materials and processing technologies for the automotive industry, and provided a platform for information exchange. The result was very fruitful for us.

Technology Center of Great Wall Motor Co. Ltd

It was such a grand conference, providing an excellent platform for automakers, components manufacturers and materials suppliers to exchange information. We are looking forward to participating in the next edition.

Brilliance Automotive Holdings Limited
