

SPE Asia Engineers' Social Hour

Join Us for a Relaxing Drink & Networking Party ~

 April 16th, Wednesday (Day 2 of CHINAPLAS)

 16:00 - 17:30

 Meeting Room 9B, Hall 9 (Level 2)

200+ participants from the plastics industry and application sectors

- ◆ Guests from the SPE
- ◆ Brand, OEM, ODM engineers
- ◆ Institution professors and experts

The Society of Plastics Engineers (SPE)

- ◆ A global leading professional organization in the plastics industry
- ◆ Knowledge sharing on plastics science and engineering
- ◆ Over 30,000 members (engineers, scientists, etc) from 84 countries and regions
- ◆ Focusing on industry challenges such as sustainability and energy efficiency, providing comprehensive services including events, resources, technical support and professional certification
- ◆ Organizes the ANTEC conference annually

SPE Asia

Adsale Plastics Network (AdsaleCPRJ.com) is the official representative of the Society of Plastics Engineers (SPE) Asia Chapter. The establishment of the Asia Chapter aims to unite plastics engineers in the Asia region for mutual exchange and working with global plastics engineers to drive innovation development in plastics technology, address challenges together, and achieve sustainable development.

Let's celebrate together!

Existing SPE members from different chapters can join SPE Asia for free as Associate Member.

Join us for a drink, RELAX~

Stop by for a coffee or get stuck in a traffic jam after the show?

¥200 (USD 30)

1 + 2

¥300 (USD 45)

Mission

Our mission is to promote scientific and engineering knowledge sharing in the plastics industry in Asia. We empower individuals and companies in the industry by providing a platform for knowledge exchange, skill development and professional networking.

Objective

Our primary objective is to foster strong bonds among plastics professionals in Asia. We aim to:

- ✦ Facilitate meaningful connections and peer collaboration
- ✦ Create opportunities for knowledge sharing and innovation
- ✦ Build a supportive and inclusive community for plastics professionals

Why Join Us?

- ✦ **Global Network:** Connect with professionals worldwide through SPE
- ✦ **Regional Focus:** Access events tailored to Asia's plastics industry
- ✦ **Technical Resources:** Stay updated on the latest trends and technologies
- ✦ **Peer Collaboration:** Work with peers on projects that shape the future of plastics

Join SPE Asia!

Become a member to connect with peers, share knowledge, and shape the future of plastics in Asia.
