

Top Packaging & Converting Solutions Conference & Showcase

Multi-layer plastic films/sheets production technologies

Date: 20 Oct, 2017 **Place:** Four Points by Sheraton Suzhou

Hosts: Adsale Publishing Ltd.

Organizer: China Plastic & Rubber Journal (CPRJ), CPRJ International

Supporters: CHINAPLAS, Society of Plastics Engineers (SPE),
SpecialChem.com, China Packaging Federation Planning Committee,
Shanghai Society of Plastics Industry, Shanghai Packaging Technology Association,
Wuxi Packaging Association

Media Partner: Polytpe

Target no. of Audience: 250+

Confirmed Sponsors : (More sponsors to be confirmed)

Prime Sponsors: Bandera, Cloeren, Contrex, Doteco, Electronic Systems, Nordson PPS GmbH, Sorema,

Uteco, Weko, WM **Platinum Sponsor:** Sabic **Exhibitors :** Polystar, Mingyu, Avian, Hung-tai, Hoca, RUIXIN,

HJK Tech **Other Sponsors:** JC TIMES, Motan-Colortronic

Agenda (as of May 26)

*“The key appointment
in 2017 to meet plants
specializing in flexible
and rigid packaging”*

Morning Session

Guest Speaker

China Packaging Federation - Mr. Wu Hongjun

Secretary General, China Packaging Federation Planning Committee

Company

Topic

Electronic Systems Italy	Inline film quality control systems
Sorema Italy	Recycling plants for the production of flakes for food grade applications
WM Switzerland	Deep draw thermoforming with thick gauge sheet for PET/PP cups

Afternoon Session 1 – Rigid Packaging

Guest Speaker

Glades (invited)

Company

Topic

Bandera Italy	APET, CPET, PETG rigid films and E-PET film - Bandera innovative flat die extrusion technology
Cloeren USA	Optimized flat die coextrusion tooling for packaging sheet production
Nordson PPS GmbH Germany	High-efficiency melt cleaning and filtering systems in extrusion processes for top-quality film production
Weko Germany	Updated technologies for silicone coating process on top-quality films

Afternoon Session 2 – Flexible Packaging

Guest Speaker

- **Amtcor/Sealed Air** (invited)
- **Shanghai Ocean University - Ph.D Professor Yang Fuxin**
College of Food Science and Technology

Company

Topic

Doteco Italy	Gravimetric Blending & Extrusion Control – Benefits & Feasibility
Uteco Italy	TBC

Bandera Italy	Multi-layer blown film extrusion technology for flexible packaging and converting
Contrex Italy	TBC

Invited Audiences (partial)

---	---

Scope of Exhibits

- Blow molding
- Injection molding
- Extrusion
- Thermoforming
- Plastic weaving
- Die & mold
- In-mold labeling
- Hot runner
- Finishing, decoration, printing & labeling equipment
- Packaging auxiliary equipment
- Measuring / testing equipment & service
- Recycling
- Post processing machines
- Parts & components
- Other innovative technologies
- Film production
- Commodity plastics
- Engineering plastics
- Additives, masterbatches & pigments
- Bioplastics
- Barrier materials
- Other new materials
- 3D printing
- Production machine of plastic packaging
- Automated smart packaging machines
- Production machine of containers
