

5 Nov

English-Chinese simultaneous interpretation service is provided

Morning Session 08:30 – 11:45

The host: Mr. Xiao Qun

- 08:30 Audience Reception
- 09:00 Welcome Remarks – Haima Car Co., Ltd. – Lu Guogang, Deputy General Manager
Adsale Group Adsale Publishing Ltd. – Janet Tong, Assistant General Manager
- 09:15 Consultant and Researcher of China Academy of Machinery Science & Technology – Chen Changnian
Carbon fibers – the obvious choice for EV developments
- 09:45 China Association of Environmental Protection Industry – Hu Bin, Secretary of In-car air Control Technology Association
The progress of research on in-car air pollution in China
- 10:15 Coffee break (communication / visit exhibition area)
- 10:35 Henan Province Association of Automobile Industry – Tie Fuxiang, Assistant General Secretary
Introduction of Henan automotive marketing
- 10:55 Haima Car Co., Ltd. – Zhao Xinmin, Deputy Minister *The independent innovation of Haima*
- 11:25 BEKUM Maschinenfabriken GmbH/ Morglory International Co., Ltd.
– Andreas Kandt, General Manager & Ge Jiaojiao, BEKUM Sales Representative
Latest developments in COEX fueltank- and filler pipe technology
- 11:45 Lunch Networking

Afternoon Session 13:30 – 18:00

Sub Forum A: Automotive lightweighting ① Hall 1, the host: Mr. Li Dahua

- 13:30 Plastics Rubber Equipment & Intelligence Research Center, Automotive Engineering Collage, South China University of Technology – Huang Hanxiong, Dean
The development and application of polymer materials processing technology in automotive lightweighting
- 14:00 Husky Injection Molding Systems – Peter Dal Bo, Vice President, Global Automotive, Hot Runner and Controller
HUSKY for new automotive challenges
- 14:20 Panel Discussion – Innovative technology enhancing lightweight construction in vehicles
- 15:00 Coffee break (communication / visit exhibition area)
Shanghai Haima Automobile R&D Co., Ltd. – Ai Zhongyang, Director Engineer *Case analysis of automobile body lightweight*
- 15:50 Nanjing Julong Science & Technology Co., Ltd. – Wang Yan, Deputy Sales Manager, *Application and development of long glass fiber reinforced materials for automotive lightweighting*
- 16:10 Internet of Vehicles Lab, Beijing University of Posts and Telecommunications Research Institute in Shenzhen
– Li Dahua, Chief Engineer
How the revolutionary designs of new energy vehicles change the development of materials and processing?
- 16:40 Panel Discussion – Managing lightweight construction from an all round perspective (Materials, processing, design)

Sub Forum B: Automotive lightweighting ② Hall 2, the host: Mr. Xiong Fei

- 13:30 Shanghai Volkswagen Automotive Co., Ltd.– Shen Weidong, Senior Manager
Application of 3D printing technology in automobile development
- 14:00 Dow Chemical (CHINA) Investment Co., Ltd. – Alice Zhang, Senior Engineer
New generation POE for automotive lightweight
- 14:20 Coffee break (communication / visit exhibition area)
- 14:40 Panel Discussion – How 3D printing and new materials support automotive weight reduction?
- 15:20 National Engineering Research Center of Engineering Plastics – Li Shuhong, Deputy Chief Engineer
The application and development of high performance engineering plastics in automotive sector
- 15:50 RADICI Plastics (Suzhou) Co., Ltd. – Edi Degasper, General Manager
Latest news in the use of special polyamides for the automotive industry
- 16:10 Geely Automobile Research Institute – Xiong Fei, Chief Engineer *Lightweighting and top down design*
- 16:40 Panel Discussion – Managing lightweight construction from an all round perspective (Materials, processing, design)

Sub Forum C: Automotive interior/exterior, VOC emissions control and ELV directive Hall 3, the host: Mr. Hu Bin

- 13:30 National Indoor and Car-inside Environment and Environmental Protection Product Quality Supervision and Inspection Center - Song Guangsheng, Director
National air quality standard in vehicles and control of harmful substances in materials for automotive interiors
- 14:00 KIEFEL GmbH – William Mark, Director, KIEFEL China Operations *Design and finishing of passenger car interior*
- 14:20 Changchun Faway - Johnson Controls Automotive Systems Co., Ltd. – Li Zhifeng, Materials Development Lab Manager, *Develop of polymer materials use for interior*
- 14:50 Panel Discussion – Achieving safe and eye-catching interior with materials and processing technology
- 15:30 Coffee break (communication / visit exhibition area)
- 15:50 FAW Group Technical Center, Non-metal Research Dept. – Zhu Yi, Senior Engineer, FAW Expert
Polypropylene sporadic solution for automotive interiors
- 16:20 Haima Car Co., Ltd.– Wang Shumin, Minister, Development Dept.
The analysis and application of national standard for automotive products recycling
- 16:50 China Automotive Technology & Research Center Data Resource Center – Zhang Jin
Analyzing new ELV regulations
- 17:20 Panel Discussion – Safety and interior parts processing/ELV directive

Business matching service will be served whole day, the gala dinner will start from 18:45

- 6 Nov 08:45 Assemble in Zhengzhou Hilton Hotel Main Hall
09:30 Visit Assembly Plant and Engine Plant of Haima Car Co., Ltd.
10:45 Tour Ends

Note: Shuttle bus arranged for all visitors
Adsale Publishing Ltd. (Adsale Group) reserves the right of final interpretation for the conference
