

Venue: Radisson Collection Hotel, Yangtze Shanghai (2099 Yan'an West Road, Shanghai, 200336, China)

17 November Morning Session 08:30-12:00

08:00 Audience Reception

08:40 Welcome Remarks Adsale Publishing Ltd. (Adsale Group) - Joyce Ye, Deputy Project Director
Shanghai Society of Automotive Engineers. - Yuancong Liang, General Secretary

08:50 Chinese Society of Automotive Engineers – Jianlai Yan , Secretary-General

New outlook and development trends of the automotive industry

09:20 Faurecia Seating China. - David Huang, Strategy & Partnership Director

Cockpit Systems for The Era of Intelligent Internet Connection: Development and Evolution

09:50 Shanghai Mann+Hummel Filter Co.,Ltd. - Pan Yong, Head of China R&D

Accelerating Industrialization of Fuel Cell Technology - Approaches from MANN+HUMMEL

10:10 Guangdong Yizumi Precision Machinery Co.,Ltd. - Peter Peng, Technical Director of Two-Platen Injection Molding Machine Market Development & Autoindustry Line

Automotive Lighting Trends and Innovative Molding Technologies

10:30 Coffee Break / Networking / Exhibition Visiting

11:00 Shanghai Jiaotong University Design Trends Institute. - Jiong Fu, Associate Professor Design Dept.

Age of Differentiation and Automotive Design Countermeasures

11:20 SAIC Volkswagen Automotive Co.,Ltd. - Weidong Shen, Senior Director

Body Lightweighting Technology and Development Trends of New Energy Vehicles

11:40 China National Resources Recycling Association. - Yonggang Wang, General Secretary of the Recycled Plastics Division

Recycling of End-of-Life Vehicles and Automotive Plastics

12:00 Group Photo

12:05 Networking Lunch

The Moderator: Dr. Jiaqi Huang,
National Innovation Center of Lightweight
Material Forming Technology & Equipment

17 November Parallel Modules 13:30-18:00

Parallel Sub-Forum: Lightweighting and Interior and Exterior

**The Moderator: National Innovation Center of Lightweight Material Forming Technology & Equipment -
Dr. Jiaqi Huang**

13:30 National Molded Plastic Eco-Alliance – Dr. Jitao Du, Chairman

Analysis of Moulding Trends and Solutions under the Demand for Cost Reduction and Efficiency in the Automotive Industry

14:00 Chen Hsong Group. - Bryce Chen, R&D Director of Chen Hsong Group in China region

Chen Hsong Injection Moulding Machine---Providing Solutions for Automotive Industry

14:20 Baic Motor Corporation Limited Automotive Research Institute. - Junxian Li, Environmental Performance Technical Expert / Senior Manager

New Material Requirements for Healthy Cockpits

14:50 Star Advanced Materials (Shandong) Co., Ltd. - Bruce Hsu, Sales Director

PCR and OBP Application in Automobile Industry

15:10 Suzhou Sunway Polymer Co., Ltd. - Dr. Surong Zhou, Technical Director

Development and Application of Continuous Fiber Reinforced Polymer in Automotive

15:30 Coffee Break / Networking / Exhibition Visiting

16:00 National Innovation Center of Lightweight Material Forming Technology and Equipment - Dr. Jiaqi Huang

Integrated Lightweighting Development Case Study and Whole Vehicle Material Development Process

16:30 Zhejiang Geely Holding Group Co.,Ltd. - Zhi Li, Senior Expert

User-oriented Interior and Exterior Design in the Age of Aesthetics

Parallel Sub-Forum: Automotive Electronics and Intelligent Driving

The Moderator: Dr.Bo Yan, Associate Professor, Shanghai Jiao Tong University, College of Materials Science and Engineering

13:30 Leading Global Automotive Electronic Components Company - Mold Specialist

The Application of Lightweight and New Materials in Electronic Aspects of New Energy Vehicles

14:00 Hongrita Precision Component (Zhongshan) Ltd. - Richard Li, Business Development Manager of Automotive Division *Hongrita Multi-Components Injection Solution.*

14:20 Wittmann Battenfeld (Shanghai) Co., Ltd. - Jun Tang, Technical Support Engineer

Lightweight Technology From Wittmann Battenfeld

14:40 Coffee Break / Networking / Exhibition Visiting

15:20 Taicang High -Tech Institute, Tongji University. - Jie Liu, Director of New Energy Innovation Research Office

Lightweighting Technology for Power Battery Systems

16:00 SHANGHAI-FANUC Robomachine Co.,Ltd. - Zhe Liang, Sales Manager of Injection Molding Machine

Application of Latest of FANUC ROBOSHOT ALPHA-SiB Series all electric injection molding machine in automobile industry

16:20 BÖHLER Special Steels (Shanghai) Co., Ltd. - Tracy Zhang, Senior Technical Marketing Manager

Tool Steel Selection for Reinforcement Plastic Forming in Automotive

16:40 Hella Bhap (Tianjin) Automotive Lighting Co., Ltd. - Zhen Jin, Injection Molding Engineer

The Development Trend of Automotive Lights and the Demand for Multi-Color Injection Molding Technology

Parallel Sub-Forum: New Energy Vehicles: Lightweighting and Battery Safety

The Moderator: Taicang High -Tech Institute, Tongji University. - Jie Liu, Director of New Energy Innovation Research Office

13:30 Tederic Machinery Co.,Ltd. - Haibo Shen, Engineering Manager

Tederic Technology helps the lightweight development of new energy vehicles

13:50 Star Charge. - Hui Zhao, Manager

Speech Direction: Requirements for Structural Materials from Charging Piles and Charging Guns

14:20 LKIMM - Haimeng Cao, Product Manager

Application of LK multi-component molding technology in auto parts industry

14:40 Taicang High-Tech Institute, Tongji University. – Guowei Duan, Material & Adhesive Technology Specialist

Risks and Opportunities for Plastics Technology in Battery Systems

15:10 JSW Machinery Trading (Shanghai) Co., Ltd. - Ke Xiao, Injection Molding Machine Business Manager

Application of Automobile Lightweight

15:30 Avient Corporation. - Razer Ge, Marketing Manager, Specialty Engineered Materials Asia of Avient Corporation *Avient's Innovative Materials Design for New-energy Vehicle*

15:50 Coffee Break / Networking / Exhibition Visiting

16:20 Hozon New Energy Automobile Co., Ltd. - Qiukui Li, Senior Director, Material Technology Dept.

The Applications of lightweight Materials in Hozon Automobiles

16:50 Jidu Auto Company. - MR.Wang *Applications and Trends in Plastics Technology in Liquid Cooling Systems*

Concurrent Events

Date	Time	Event
November 17, 2022	Whole day	OE qiche Procurement Matching Meeting (Plastic and Rubber Session) Event Procedure: Suppliers in The Plastics and Rubber Industry Register According to The Procurement Demand of Renowned Global Automakers or Second-and Third-tier Suppliers. Buyers Select Qualified Suppliers and Discuss One-on-one and Face-to-face in The Meeting.

17 November VIP Gala Dinner 19:00-20:30

08:30 Audience Reception

09:00 National New Energy Vehicle Technology. - Dr.Chengyin Yuan,General Manager,Technology Innovation Center *Opportunities and Challenges of Digital Design and New Material Integration in The Development Trend of New Energy Vehicle Industry*

09:20 Shanghai Lean-in Enterprise Management Consulting Co., Ltd. - Leo Sun,CEO *Global Market Outlook and Innovation Trends for Lightweight Components of NEVs*

09:40 GAC Research Institute of GAC Group - Stephen Chen,Foresight Design Professional Master *Infinite Possibilities of Future-oriented Interior and Exterior Design for NEVs*

10:00 Coffee Break / Networking / Exhibition Visiting

Parallel Sub-Forum: Lightweighting and Sustainable Development of NEVs

10:20 China FAW R & D Institute,Materials Institute - Yi Zhu, Senior Director *New material R&D direction and application in automotive industry under the megatrend of environmental protection*

10:40 ARBURG (Shanghai) Co.,Ltd. - Sherry Yin,Director of ARBURG Shanghai *New Energy Vehicle's Light Weight Solution*

11:00 Synventive Molding Solutions (Suzhou) Co., Ltd. - Fred Tao, Application Manager-Asia *Synventive Hot Runner technology for Automotive Lightweighting*

11:20 Minth Group Limited. - Yinan.Hu,Technical expert of Material R&D Center *Trends in Smart Exterior Functional Material Applications*

The Moderator: Pro. Muhuo Yu, Donghua University

11:40 Dow. - Alex Dai , Dow Packaging & Specialty Plastics Automotive APAC Marketing Manager *How to achieve sustainability? The answer from Dow Mobility Science*

12:00 Rosti Integrated Manufacturing Solutions (Suzhou) Co., Ltd. - Sunny Sun, Strategic Integrated Solutions Director *Rosti Sustainable Development of Automotive Injection Moulding*

12:20 Networking Lunch

Parallel Sub-Forum: Integration and Intelligent Interior and Exterior of NEVs

The Moderator: Taicang High-Tech Institute, Tongji University. - Jie Liu,Director of New Energy Innovation Research Office

10:20 SAIC Motor Corporation Co., Ltd. - Peiyun He,Interior Parts Materials Engineer *Research on the applications of sea-island microfiber suede in automobiles*

10:40 Cold Jet Dry Ice Equipment (Shanghai) Co., Ltd. - Steven Sun, Sales Director-China *Innovative Solutions of Dry Ice Cleaning Technology in the Field of New Energy Vehicles*

11:00 Microban International Trading (Shenzhen) Co., Ltd.. - Jun Xu, China Business Development Manager *Redefine the Cleanliness for Automobile Interior with Built-in Antimicrobial Technologies*

11:20 Yanfeng Plastic Omnium Automotive Exterior Systems Co.,Ltd. - Haiming Gu, Senior Engineer of Injection Molding Process Platform *The Road on Upgrading the Efficiency and Automation of Injection Molding*

11:50 Chongqing Jinkang Powertrain New Energy Co., Ltd. - Hongya Yue, Battery System Specialist *Overview of Thermally Safe Design of Battery Systems*

12:10 Networking Lunch

18 November 13:30-17:00 Discussion on Online & Offline Technological Hot Spots and Purchasing Requirements - Invited Companies :

- 1、Yanfeng Plastic Omnium Automotive Exterior Systems Co.,Ltd. (For all suppliers) ;
- 2、SAIC GM Wuling Automobile Co.,Ltd. (For all suppliers) ;
- 3、Smart Automobile Co., Ltd. (Invited suppliers only) ;
- 4、Li Auto Inc (Invited suppliers only) ;
- 5、Baic Motor Corporation Ltd.R&D Center (Invited suppliers only) ;
- 6、China FAW R & D Institute (For all suppliers) ;
- 7、Hozon New Energy Automobile Co., Ltd. (Invited suppliers only) .

List of Exhibitors for the 11th CPRJ Plastics in Automotive Conference & Showcase

*The list is continuously renewed Please keep updated.

No.	Company	Website
1	Guangdong Yizumi Precision Machinery Co., Ltd.	www.yizumi-group.com
2	Wittmann Battenfeld (Shanghai) Co., Ltd.	www.wittmann-group.cn
3	JSW Machinery Trading (Shanghai) Co., Ltd.	www.jsw-china.com
