【观点】废塑料高值回收，如何做好价值链合作？

Original 雅式橡塑网 AdsaleCPRJ 2022-09-15 17:32 Posted on 重庆

在第三届 CHINAPLAS x CPRJ 塑料回收再生与循环经济论坛暨展示会现场，沙特基础工业公司(SABIC)石化战略事业部大中华区市场开发高级经理那堂博士在接受“雅式橡塑网(AdsaleCPRJ.com)”采访时，分享了SABIC如何通过价值链合作实现废塑料高值回收。

Testimonials (partial)

It's been a few years haven't seen such a lively show like this! I was very inspired by the speeches and their knowledge and sharing about the industry across the globe.

SABIC (CHINA) HOLDING CO., LTD.

It is not easy to host an event under the pandemic with such a large scale in an orderly and quality manner! With a richer content and diversity, CPRJ provided the whole industry chains with market trends and technology in Sustainability. The event was a great success!

China Plastic Recycling Association of CRRA

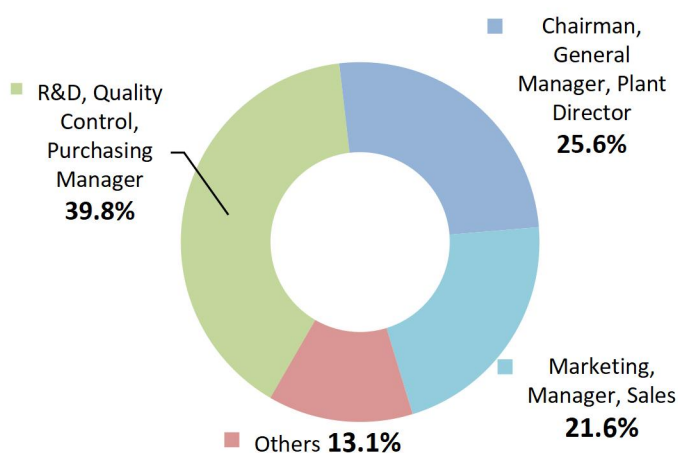

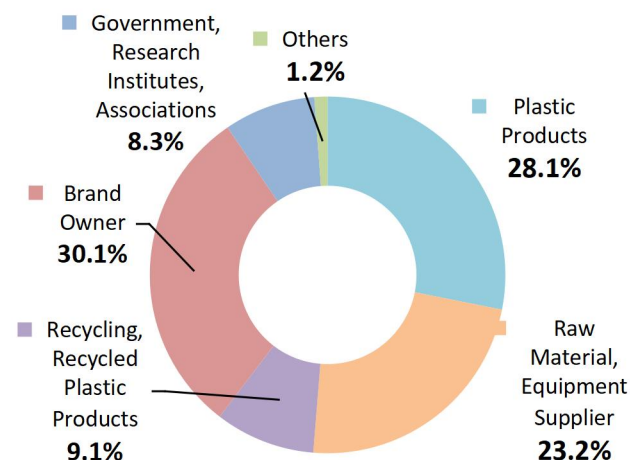

Appreciate that Adsale provided us with the opportunity to meet new suppliers and conduct specific business matching, upgrading the key technology for us end-user brands/products.

Yihai Kerry Arawana Holdings Co, Ltd.

It's such a rewarding experience, with a smooth communication with potential buyers who have a high enthusiasm! It's also a great timing for us to promote company & products updates just before K show this year, and got a positive feedback.
