What our Sponsors say :

“We are very satisfied with the result of the conference. The arrangement of expert presentations was very good and the topics were relevant to our company's business scope. We will continue to join the conference and share our latest products.”

— Zhongshan Leadsum International Co., Ltd

“The arrangements were very good. The results of our participation were very fruitful. We were so happy to have the chance to exchange ideas of the latest technology and build our brand. We will continue to attend CPRJ conference.” (Translated)

— Ningbo Shuangma Machinery Industry Co., Ltd

Testimonials from Audience/Keynote Speakers :

“It's our first time to attend CPRJ conference, we are really satisfy with the conference result. We can learn about new materials, new equipment and new technologies in one day. I mainly focus on bio-based materials, and high cost is now the key bottleneck. If we can find the appropriate solution to lower the cost, it will finally decrease the toys' cost and benefit to consumers.”

—LEGO Co., Ltd.

“By attending this edition of CPRJ & SPE New Materials Through Additives and Compounding Conference, we got to know some cross boundary knowledge and broaden our scope of knowledge. We will pay more attention to the practical application of modified plastics in different segments. We also hope to get useful information through in depth technological communication.”

—Guangdong Silver Age Sci & Tech. Co., Ltd.

Scope of Exhibits :

- Engineering plastics / modified plastics / reinforced plastics /composites
- Rubber & TPE
- Additives, masterbatches and pigments
